## FRESHLOCK Vacuum Sealer

Model #1331

Lunches

Vegetables

Fresh Fruit

For today's consumer concerned about food preservation as well as budget savings, Deni introduces the FRESHLOCK Vacuum Sealer.

FRESHLOCK is the easy, economical home food storage system that vacuum seals food in cut-to-size polyethylene plastic bags. This locks in freshness, flavor, color and nutrients 2-3 times longer than conventional storage methods.

FRESHLOCK bags are recommended for the microwave and boil-in-bag cooking and features a labeling strip to record the contents, weight, and date stored.

### FEATURES
